Q8. Suggestion:

My placement was booked at a time of year when James was at his quietest.

Obviously, this was when I asked to go. However he commented that it would

have been better for me to have gone at a busier time of the year. However, I feel that as it was quieter, it may have given him more time to spend explaining things to me, so may have been of benefit.

Q8. Other:

- Nothing more to add just a note to say Thank you so much!
- I had a great week, thank you very much!
